Goolland's German Bitters is entirely vegetable, and contains no liquor. It is a compound of Fluid Extracts. The Roots, lierbs, and Barks from which these extracts are made are gathered in Germany. All the medicinal virtues are extracted from them by a scientific chemist. These extracts are then forwarded to this country to be used expressly for the manufacture of these Bitters. There is no alcoholic substance of any kind used in compounding the Bitters, hence it is the only Bitters that can be used in cases where alcoholic stimulants are not advisable.

. Goofland's German Conic is a combination of all the ingredients of the Bitters, with furk Santa Urus Rum, Orange, etc. It is used for the same diseases as the Bitters, in cases where some pure alcoholic stimulus is required. You will bear in mind that these remedies are entirely different from any others advertised for the cure of the disease named, these being scientific preparations of medicinal

CONSUMPTION.

Thousands of cases, when the pa-tient supposed he was afflicted with this terrible disease, have been cured this terrible disease, have been cured by the use of these remedies. READ THE RECOMMENDATIONS. FROM HON. GEO W. WOODWARD, Chief Justice of the Supreme Court of Pennsylvania PHILADELPHIA, MARCH 16th, 1867.

I find "Hooftand's German Bitters" is not as intoicating beverage, but is a good tonic, useful in disorders of the digestive organs, and of great benefit in
cases of debility and want of nervous action in the
system.

I ours truly,

GEO. W. WOOD WARD. FROM HON. JAMES THOMPSON,

I consider "Hoofland's German Bitters" a valuable medicine in case of attacks of Indigestion or Dyspepsia. I can certify this from my experience of it. Yours, with respect,

JAMES THOMPSON.

Pastor of the Tenth Eaptist Church, Philadelphia.

DR. JACKSON-DEAR SIR: —I have been frequently requested to connect my name with recommendations of different kinds of medicines, but reparating the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances, and particularly in my own family, of the usefulness of Dr. Hoghand's German Bitters, I depart for once from my usual course, to express my full conviction that for general debility of the system, and especially for Liver Complaint, it is a safe and valuable preparation. In some cases it may fail; but usually, I doubt mt, it will be very beneficial to those who suffer from the above causes.

Yours, very respectfully,
